

30-DAY NOTICE

Rental Assistance Programs

I, Scott [redacted] am giving my 30-day notice that I will vacate
the unit at: _____, Denver, CO 80216
Print Name Address

I will be out of the unit and will turn the keys in on March 29, 2024
Date

I am moving for the following reason(s):

Landlord won't remove sign on trash chute room threatening "\$100 fines" for bags left in room if chute is full.
As per lease a resident can be charged for clean up costs, but amount would obviously need to be proportionate.
Landlord is violating lease when the \$100 fine has probably never been levied so it's an antagonistic threat.

I heard them talk about evicting someone and yet sign a state gov't form, admitting that they, as licensed real estate brokers, were violating the lease. They are so confident about there being absolutely no enforcement of any laws that were written to protect (low-income & vulnerable & disadvantaged) tenants that they can do anything that they want to, to anyone they want to.
